If you already have your volunteer badge, you can scan it when you enter the building for the event.

We need bottles of water! If you have an extra case laying around, please consider donating to the clinic. We pass out water bottles to students who forget or don't bring their water bottle to school.

A note from the office:

If your child is absent from school, please email arattendance@hpsid.org. If you email your child's teacher, please copy the attendance email as well. A text to your child's teacher is not sufficient notification of a student's absence. Timely communication is very important for the state attendance coding that is required.

The attendance time is 10:00am. If you come in after 10:00am, please bring a doctor note so that we can code accordingly and still received funding for your student.

Thank you for your attention and communication with the office.

Convention

Armstrong 2024

Imagination takes flight at our Invention Convention! [Invention Convention](#) is a special opportunity for Armstrong students to become inventors by using their problem solving and creative thinking skills. Students will be following a step-by-step process to invent a new product/idea or make an exciting product even better. Our Armstrong Eagles are working hard to solve big problems! Forms went home in student folders last week, and you can also find them on the [PTA site](#)!
