ARMSTRONG

E A G L E S

April 22, 2025

Dear Parents,

I hope everyone enjoyed the holiday weekend! We are excited about the final weeks of the 2024-25 school year. It is truly hard to believe that we are planning for the end of the year and the upcoming

school year! I want to remind all of you about two important things related to preparing for the 2025-26 school year.

We are still accepting input regarding your child's class placement. As explained earlier in the month, we recognize that some families may wish to provide input regarding their child's class placement. Our teachers and staff invest significant time and care into this process, ensuring each child is placed in a setting that best supports their growth and success. Our goal is to create balanced classrooms that foster a positive and supportive learning environment for all students.

Please keep the following guidelines in mind when submitting class placement information:

- Share the qualities or teaching styles that best support your child's learning. Specific teacher requests will not be honored.
- If there's a unique situation where your child should not be placed with a particular student, please let us know. We encourage a fresh start each school year—past conflicts don't always mean students won't work well together in the future. We cannot accommodate requests for specific friends.
- Providing input is completely optional! Keeping responses limited helps us maintain the flexibility needed to build well-balanced classrooms.

While we carefully consider all input, we can't guarantee specific placements. Our teachers use their professional judgment to create the best possible learning environments for all students.

How to Submit Input:

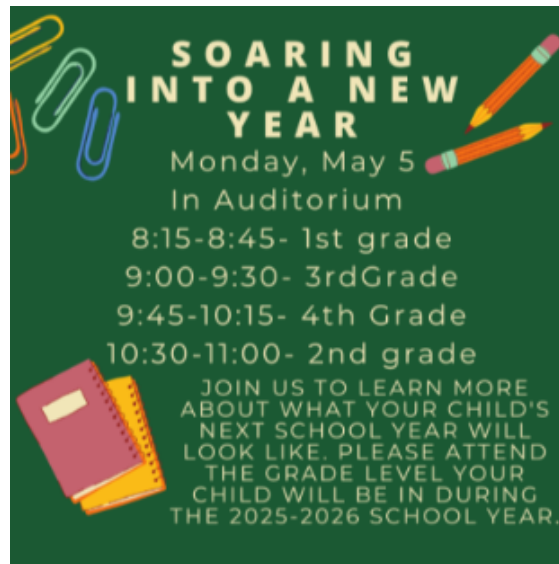

All input must be submitted by ***next Tuesday, April 29th***. Due to the time-intensive nature of this process, **this timeline is important**. Our teachers begin the placement process in May, and timely submissions ensure their careful work is not disrupted.

Responses can be submitted in one of the following ways:

- **Online Form:** Submit your input using this [Google Form](#)
- **Email:** Send your letter to Amanda Hollier, counselor HollieA@hpsd.org and Betsy Cummins, principal CumminB@hpsd.org

I would also like to remind you about the grade level meetings planned for Monday, May 5 to discuss what to expect in the next grade level. Please see specific times below and note that you should attend the meeting for the grade level that your child will be in during the 2025-26 school year. You may use the following Google Form to submit specific questions that you would like us to address at the meetings.

[Form to Ask Questions about Upcoming Grade Level](#)

Thank you for your trust and partnership as we work together to create a successful school year for all students.

Sincerely,

Betsy Cummins

Incoming 5th Grade Parent Input Form 2025-2026

March 30, 2025

Dear 4th Grade Parents,

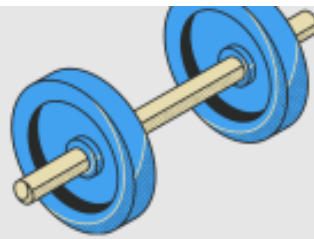

It's time to begin thinking about planning for the 2025-2026 school year and we are thrilled your children will be joining us at McCulloch Intermediate School! As students transition from one grade level to the next, some parents naturally begin to wonder about class assignments.

The time and effort that go into determining class placement is based on finding a balance that meets the needs of all students and provides an optimal learning environment for everyone. Though it is a challenging task, great care is taken to ensure that learning environments are equitable. If, however, your child has special academic, social, or emotional needs, and you feel that a specific type of learning environment (not a specific teacher request) is absolutely necessary, I ask that you submit the parent input form by Friday, April 25, 2025. Input received after the deadline may not be considered in the development of class lists.

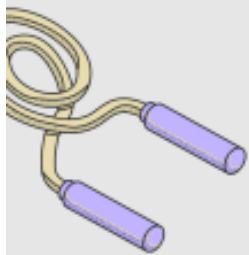

Our staff is highly competent, and each and every teacher cares immensely for your child. Thank you for trusting our process of placing your child in the most appropriate classroom. I assure you we will be diligent in our efforts to provide an effective and successful learning environment.

Sincerely,
Amanda Reyes, Principal

Parents,

Do you have a child who loves to play golf and might be interested in playing on the high school team one day? If so, Coach Mercedes Trent (girls golf) and Coach Richard Wager (boys golf) would love to get to know who those kids are.

With most high school sports, coaches get to know their future players through middle school athletics/youth sports organizations. Golf is not one of those sports. Coach Trent and Coach Wager would like to get to know their future players earlier than right before their freshman year. If you think your child could be interested in playing high school and would like to know what you should do to help them prepare for that, please reach out.

Coach Trent – trentm@hpsd.org

Coach Wager – wagerr@hpisd.org

Thank you and we look forward to hearing from you!”
